AERONAUTS FELL OVER 15,000 FEET

BALLOON BELIEVED TO HAVE BEEN STRUCK BY LIGHTNING AT DIZZY HEIGHTH

VICTIMS WERE GERMANS

Their Balloon Entered in International Cup Contest and They Were Testing It

By Associated Press.

Berlin, Oct. 21.—The announcement of the death yesterday of Lieut. Gerlacke, winner of last year's international balloon race in the United States created a sensation here today.

He was thrown from a balloon at a height of three miles by the explosion of the gas bag which is believed to have been struck by lightning. His aide, Lieut. Steler, also was killed.

He and Steler were making a trial flight to test the new balloon which they expected to use in the 1913 international races. Just above a small town, they met a thunder storm, which they attempted to avoid by rising. When a mile in the air their car was caught in an eddy and became unmanageable. After a terrific plunge straight upward the bag brust. Both men dropped three miles to the ground.

The shattered instruments which the balloon carried were examined today. The recording apparatus showed they were riding at a height of six thousand feet when they suddenly hit by a vertical gust of wind, which pushed them straight up with the violence of a hurricane to a height of over 15,000 feet. At this altitude the bag brust, either from the sudden change in pressure, or, as is more likely, from being struck by lightning. The balloon embodied all the latest ideas in gas bag construction and was regarded throughout Germany as the likely winner of the international cup in next Saturday's contest.

GUARANTEES LIVES OF AMERICANS

Gen. Diaz in Message to State Department Pledges Safety of Foreigners

By Associated Press

Washington, D. C., Oct. 21.—The State Department is in receipt of a message from Gen. Felix Diaz, who is at the head of the revolution at Vera Cruz, guaranteeing the life and property of Americans and other foreigners at that port. Gen. Diaz guarantees the lives and property of all non-combatants in the territory over which he is now or may gain control.

American Warship Arrives.

Vera Cruz, Oct. 21.—The United States cruiser Des Moines, in command of Capt. Charles F. Hughes, steamed into port. An officer from the warship visited Gen. Diaz and arranged an interview for Capt. Hughes. Diaz then visited the Des Moines, where the American captain and the leader of the revolt had a long conference, the nature of which has not been divulged.

While the Diaz revolutionists hold the city and the Federals have taken up positions on the outskirts, there has been no coming together of the two opposing forces as yet. The feeling of anxiety among foreign residents has been considerably relieved by the arrival of the Des Moines, and it is considered probable that a battle, if it is fought, will take place beyond the city limits.

The German and Russian ministers to Mexico, who arrived here on the steamer Segueranca, left today for the City of Mexico on a special train supplied by Gen. Diaz. The German and Russian Consuls traveled with them part of the way. In the firing last night between the gunboats and Ulloa Fort a man operating the searchlight on a gunboat was killed.

The Ward Line steamer Segueranca on her arrival here yesterday was warned by Commander Azueta, in command of the gunboat still loyal to the Mexican Government, not to discharge its cargo. Today Capt. Jones of the steamship was ordered by the company to unload and declares his intention to do so.

The Segueranca has on board arms and ammunition for the government, which will be seized by Gen Diaz if landed. Great interest centers in the attitude which Auzeta will assume and what measures will be adopted by the Des Moines.

Two other American warships are expected here at any time. The Spanish Consul has sent out wireless messages to passing steamers to proceed here to take aboard Spanish subjects in case of a bombardment.

SERVIANS BLOWN UP BY MINES

REGIMENT OF INFANTRY REPORTED TO HAVE BEEN PRACTICALLY EXTERMINATED

TURKS ARE REPULSED

Attack Pass in Mountains Held By Bulgarians and Forced to Withdraw

By Associated Press.

London, Oct. 21.—The seventh regiment of Servian infantry is reported to have been virtually exterminated by the Turkish land mines after crossing the frontier into the district of Novitazar, according to a news agency dispatch from Belgrade.

Turkish Warships Attack Bulgaria Port

By Associated Press.

Sofia, Bulgaria, Oct. 21.—Turkish warships today bombarded the Bulgarian port of Kaziana on the Black Sea. The custom house was destroyed and many houses in the city demolished and lives lost.

Turkish Attack Repulsed

By Associated Press.

London, Oct. 1.—The Turkish troops which attacked the Bulgarian pass of Komiskiff were compelled to withdraw after heavy loss according to a news agency dispatch today. The pass is high in the mountains and is a strategic position. The Turks are reported to have lost heavily.

SECOND PRIZE FOR GROUP COUNTY EXHIBIT

Wichita, Wilbarger and Foard Counties Awarded Second Prize at State Fair

In conjunction with the exhibits from Wilbarger and Foard counties, Wichita county's display at the Dallas Fair took second prize for association exhibits, the prize being awarded to the three counties mentioned. The prize was $100, of which Wichita and Wilbarger will receive $40 each and Foard county $20.

When it was learned that an association exhibit prize was offered, the managers of the three exhibits at Dallas got their heads together and entered the exhibits from their counties, as typical of Northwest Texas, and it was picked for second prize.

Assistant Secretary John Thomas of the Chamber of Commerce, who is in charge of the exhibit, has written home that he expects all who visit the Fair tomorrow to make the exhibit their headquarters. The Wichita county exhibit is attracting considerable attention and received the following mention recently in the Dallas News:

"J. W. Thomas of Wichita Falls, is in charge of the Wichita county exhibit. The products of farm and orchard are represented by a fine display of Kaffir corn, maize, peanuts, millet, grain, corn, fruit and vegetables and the city by products of the factory.

"Wichita county has a diversity of soil and each kind has proved its fertility by producing abundant yields of all staples. The county also stands high in the live stock industry. This is due to the great variety of nutricious grasses which are native of the county, as well as to the abundant yields of feedstuffs.

"Among the articles on display is a sheep pelt, taken from the famous Lincoushire sheep found on the farm of Alexander Albright. The wool on this pelt is twenty-four inches long and is said to be worth $1 per pound. Mr. Albright has a drove of 750 of these animals on his Wichita county farm.

"Broomcorn is one of the leading staples of the county, the entire output being consumed in the factories of Wichita Falls. Brooms made in this city from the local product have been given the blue ribbon by State Fair judges.

"Among the products of the factory on exhibition in the county booth are pressed brick, brooms, matresses, pottery and flour. There is also a display of refined oil, the crude product coming from Wichita county fields.

"Being near a large natural gas field, Wichita Falls is becoming the seat for many factories. Its splendid water supply is also an inducement for factories and the city is becoming noted for the products of the factory, which are becoming more numerous and of a greater volume every year

"Wichita Lake is now furnishing water for the irrigation of 2,000 acres, mostly truck and fruit, in the vicinity of the city. It is capable of irrigating 4,000 acres, but water is reserved for the city and for manufacturing

COLONEL LEAVES MERCY HOSPITAL

STARTED ON TRAIN FROM CHICAGO TO OYSTER BAY AT 8:30 THIS MORNING

AN AFFECTING SCENE

Patients of Hospital Give Roosevelt Cheery Greetings as He is Wheeled Through Corridor

By Associated Press

Chicago, Oct. 21.—Col. Roosevelt last night, at the Mercy Hospital, was somewhat restless. He slept only about four hours. He awoke frequently and seemed nervous. It was said this was chiefly due to the excitement of his coming departure. Long before the time he was to leave, the ex-president was ready. He put on the heavy army overcoat he wore on the evening he was shot. The hole in the right breast was not distinguishable at any distance, but those who were near him could plainly see the small puncture.

The Colonel walked from his room to a wheeled chair in the corridor. The trip from his apartment through the long corridor to the other side of the building was made in a few minutes. He was accompanied by Dr. Murphy and Mrs. Roosevelt.

On the way through the hospital, doors of the various rooms were opened and the patients who were able, called a greeting to him and wished him a safe journey. In the street there was a large crowd of spectators who also shouted a greeting as the Colonel appeared in his wheeled chair. At the door he abandoned the chair and on the arm of Dr. Landers, his family physician he took the few steps that were necessary to bring him to the ambulance in which there was a cot upon which the Colonel reclined.

The start was made immediately. In front of the ambulance was a large detail of motor cycle police and another squad immediately followed the ambulance. Then came automobiles in which were Col. Lyon of Texas and others.

The last thing the Colonel and Mrs. Roosevelt did was to shake hands with and thank Mother Mary Raphael, the mother superior in charge of the hospital.

The farewell was brief but affecting. The eyes of the mother superior filled and she turned her head quickly and then hurried to leave the building. To avoid the crowd at the station, Col. Roosevelt boarded the train at the railroad yards at Cross Street, half a mile away. The train was then backed into the Terminal Station. The train had been scheduled to leave at 8:15 a. m., but did not pull out until 8:30.

An attempt to see Col. Roosevelt was made at Mercy Hospital shortly before midnight last night by Luis E. Molina, who gave his address as Bogota, Colombia, and said that he was a secret diplomatic representative of the Colombian government. He was stopped by detectives and city police who were on duty. Molina said that his father is a senator of Colombia. He sent Col. Roosevelt a postal card and wrote him a long letter containing accusations that the Colonel had committed "an atrocious crime" in taking Panama from Colombia, and bidding him beware of the vengeance of God. Molina was accompanied by two Mexicans. They said they had known Molina but a few hours.

Molina declared he would go to New York on the same train with the Colonel and would see him there or would follow him to Oyster Bay. He exhibited a ticket over the Pennsylvania railroad to New York that would entitle him to travel in the train taken by the Colonel. He also displayed a large roll of bills

The detectives, after questioning Molina, permitted him to depart. Colonel Roosevelt knew nothing of the attempt to see him.

Molina sent a box of flowers to the Colonel and followed it with a note written on a postal card. It read:

"Colonel Roosevelt, I sincerely desire your complete recovery. Now that you are lying on a bed of pain, remember the Almighty God and how easy it is to disappear from the earth. After this, remember your greatest offense in your official career—the robbery of Panama from Colombia. Try to remedy this iniquity and God will protect you."

The detectives said Molina was not armed.

Molina said he came from New Orleans especially to see the Colonel as soon as he heard of the shooting He said he followed him in the West during his last speaking tour from Texas to California.

His letter to the Colonel follows

"I have hurried from New Orleans on the expectation of being able to express to you personally my sympa-

Tonight increasing cloudiness; cooler Tuesday, fair.

SWITCHING CHARGE QUESTION COMING UP

Wichita Falls Industries are Interested in Matter Before Railroad Commission Tomorrow

Wichita Falls shippers, especially the two glass factories and the automobile and brick plants are much interested in the hearing at Austin by the State Railroad Commission tomorrow on the question of switching charges.

Railroad men are looking forward to some interesting and prolonged debating when they appear before the Texas Railroad Commission for the purpose of discussing the proposed switching rates and arrangements. Switching in all its phases will be gone over at length, several propositions having been advanced and the merits of each will be fully discussed.

One proposition, one which will probably be the most seriously considered and discussed, is the plan to adopt the California switching regulations. Under this plan the railroads will adopt all switching charges up to $2.50, letting the industries pay all over that amount on the larger hauls.

The plans provide that this principle hold true regardless of what railroad brings in a car or where the industry is located.

There has been a movement on foot for the past twelve months to get the commission to put this arrangement into effect. This movement was started by some of the commercial organizations of the State. This is the first time, however, that it has been brought before the commission, great care having been taken in completing the details.

Chairman Allison Mayfield of the railroad commission in September made a motion to the effect that he believed that all switching charges not to exceed $2.50 per car should be abolished by the transportation lines and asked that a rule be drafted giving effect to the proposition.

Resulting from his motion circulars were sent out notifying the railroad companies and receivers operating lines of railroads in this state of the following hearing for Tuesday, October 22, at Austin:

"All switching charges to and from industries, not to exceed $2.50 per car shall be absorbed by the transportation lines, and all amounts in excess of the amounts above named shall be in addition to the regular transportation charges and in no case absorbed by the carrier; provided that the net transportation charge shall not in any case, by such absorption, be reduced below $7.50 per car."

"All carload shipments loaded or unloaded on industry tracks shall be subject to switching charges, whether the transportation haul is performed by the line with which the industry tracks connect or not, and the switching charge shall, in all cases, be based on the distance between the industry and the freight depot of such line. Lines performing intermediate switching will use distance between transfers."

WILSON URGED TO MAKE SPEECHES

CAMPAIGN MANAGERS HAVE NOT ACCEPTED GOVERNOR'S DETERMINATION AS FINAL

AT LEAST TWO MORE

One at Madison Square Garden in New York and Another at Philadelphia

By Associated Press

New York, Oct 21.—Governor Wilson's determination not to make any more speeches until the recovery of Roosevelt is not accepted as final by his managers The fact that Madison Square Garden has been leased for a meeting on the night of October 31 is urged as a reason why he should yield to the wishes of the committee and speak in New York on that date. An effort is also being made to induce the Governor to speak in Philadelphia on the night of October 26

Fort Worth Live Stock

Fort Worth, Texas, Oct. 21.—Receipts 3600 Steers active and steady 4.50 and $5.50 Hog receipts 2500, five cents lower. Tops, 8.90. Sheep receipts 1850, lower.

12 MORE DOLLARS NEEDED TO COMPLETE WILSON FUND

Only twelve more dollars were needed at noon today to make up Wichita county's quota of $100 for the Woodrow Wilson fund. The Times is hoping that the needed twelve dollars will be sent into the office or given to W. J. Bullock before 6 o'clock this evening so that the full amount may go forward to the National committee tonight.

The offer of Reese A. Allen of Electra, to contribute the last twenty dollars to complete the fund aroused several local citizens to a determination to see that the full amount was raised and a total of $72.50 was subscribed this morning and the canvass will be continued until the full amount is raised. The total subscriptions to date are $268.00. Mr. Allen will give the last twenty of the three hundred dollars leaving $12 yet to be raised.

While the active canvass will be stopped after this amount is raised those desiring to contribute may send their money to The Times office and it will beforwarded to the National committee.

The standing of the fund at noon was as follows:

HORRIBLE CONDITION IN VENEZULA

Six Hundred Reported Dead from Stryation in one District—Revolution Partly Responsible

By Associated Press

New York, Oct. 21.—Conditions of extreme poverty and privation in Venezuela are described in a letter from Caracas by a correspondent of the Tribune. In the State of Trujillo, more than six hundred persons have starved to death in the past season, it is said.

The letter declares "the bodies of an entire family whose members starved to death were found in one house. One consequence of the pangs of hunger was the killing of a baby by its two older brothers, who then roasted the body and ate it.

"Much of the blame for these conditions is placed on political conditions, which led to neglect of agriculture."

The above dispatch from New York was shown to Senor Felix Gracia of this city, who recently moved here from Venezuela. He said that the recital of conditions was undoubtedly true and that it was caused both by political conditions and lack of rain.

"When I left Chasira, Venezula to come to this country," said Senor Gracia, "there were 3000 people moving there from other parts of the country to get food There has been no rain for two years and the people have not been able to raise much coffee to sell, or much plantain on which to leave. Then the revolutions and political disturbances have kept the labor from the fields and the natives have had no chance to attend too their crops. There is much suffering down there. I know that dispatch is true."

NEGRO ASSAILANT IS IDENTIFIED

Dallas County Authorities Have Negro in Hiding, Fearing Mob Violence

By Associated Press

Dallas, Texas, Oct 21.—Somewhere near Dallas the police are today carefully hiding a negro whom Miss Lee Barrett today identified as the man who criminally assaulted her about a week ago She is a young nurse at the City Hospital and was on her way to duty at the institution when the negro caught her.

While it is believed the negro may be in the county jail the police will not verify this report They fear violence if news of the negro's whereabouts becomes general.

AN OHIO MAN ASKS FOR INFORMATION

Cotton Picker Stories Bring Publicity And Also Real Help for Farmers

Some days ago the Young Men's Progressive League sent out under a Wichita Falls date line a story dealing with the famine of cotton pickers in the State of Texas. The story set forth among other things, that the Progressive League had asked that the local schools be dismissed to enable the children to pick cotton

This morning the League received a letter from a man in Bera Ohio, stating that he had read the account in the Cleveland Plain-Dealer He asked that information be furnished him as to how much cotton a man could pick in a day and asked other questions that indicated the man had never seen growing cotton, to say nothing of never having picked any

The League submits this as a proof of the merits of free publicity. The same article sent out to various papers has brought not less than one hundred inquiries to the League from points over Texas and Oklahoma. Of this number the League has succeeded in bringing here approximately thirty-five, all of whom have been placed in the cotton fields of Wichita county, a few having been picked up on arrival here by Oklahoma labor agents who shot them across the river before the League got in touch with them.

Y. M. P. L. EXCURSION READY TO MAKE START

Eleventh Hour Excursionists Can be Taken Care of, Secretary Announces

One hundred strong a delegation of Wichitans will leave over the Denver at 2.30 o'clock in the morning for Dallas to take in the fair. The Young Men's Progressive League which is in charge of the excursion announced that it would take care of any eleventh hour persons who desired to join the excursion

NO DECISIONS BY SUPREME COURT

For First Time In Many Years Initial Decision Day Brings No Announcements

Washington, Oct 21.—For the first time in many years the Supreme Court today let the initial decision day after summer recess pass without announcing a single opinion Decisions had been expected in the hard coal case the Union Pacific merger case, or the state rate cases.

RYAN CARRIED DEMOCRATIC DEBT

HIS TOTAL CONTRIBUTIONS FOR PARTY IN 1904 AGGREGATED $450,000

TO PRESERVE THE PARTY

Tells Senate Investigators He Had No Hope For Parker's Election and Motives Patriotic

By Associated Press

Washington, Oct 21.—Thomas Fortune Ryan was the first witness today before the Senate campaign contributions committee Mr Ryan first told the committee that he shouldered $150,000 of the debts of the National Democratic committee in 1904

"Early in the campaign," he said, "I gave $50,000 to the fund, although I was opposed to the nomination of Judge Parker I probably gave $50,000 in smaller contributions. When the end of the campaign was approaching and it was quite apparent Mr. Parker could not be elected some of my friends came to me and told me the campaign would collapse unless the committee received financial assistance

"I finally agreed, in order to pay the party workers and preserve the integrity of the party to furnish $350,000 This made a total of $450,000 I gave throughout the campaign. This was a personal contribution and did not represent anybody except myself I did not give the money to try to elect Parker, I merely wanted to preserve the Democratic organization.

For the campaign of 1912, Mr. Ryan said he had contributed between $75,000 and $80,000 to Governor Harmon's campaign and more than $10,000 to Representative Underwood.

"When I came back from Europe in 1911," he said, "I made up my mind the prospects of Democratic success were very bright I thought any Democrat except Mr Bryan could be elected and I was willing to try to aid any other man I had no special interest in anyone, but I had known Governor Harmon of Ohio for twenty-five years I was not asked to aid Mr. Clark or Mr. Wilson, but would have given assistance if it had been requested."

George W. Perkins today denounced as an "unmitigated falsehood" the charge that he had underwritten the Roosevelt preconvention fund this year in the sum of $3,000,000 He testified that his total contribution was $122,500. He described himself as a "retired working man"

ANOTHER MISSION PLANNED BY BAPTISTS

Committee Appointed to Find Site in Southeastern Part of the City

The congregation of the First Baptist church is making plans for the establishment of a mission in the southeastern part of the city, in the region of the planing mill and other industries, where at present no place for worship is afforded The Baptist church recently held a series of meetings in that section and an encouraging interest was manifested on the part of the residents of that section

A committee has been appointd to find a site for a small building and when this is erected, services will be held there regularly under the auspices of the Bptist congregation. This will be the first place of worship to be erected in that part of the city and members of the congregation are hopeful of good results.

COTTON CORPORATION TAKES OUT PERMIT

Purchase, Sale and Storage of Cotton and Loaning of Money Thereon Is Purpose

By Associated Press

Austin, Texas Oct 21.—The Southern States Cotton Corporation of Macon, Georgia with a capital of one million dollars took out a permit to do business in Texas from the Secretary of State today The principal place of business in Texas of the company will be Dallas W. R. Ivey, president of the Texas Cotton Growers' Association is president. The purpose of the corporation is the purchase, sale and storage of cotton and other products and the loaning of money on said products. It is chartered under the laws of Alabama

A Los Angeles woman says the great secret of managing a husband is not to bombard him with questions when he comes home late. Sure, if he slips, says the Cleveland Leader, he will sooner or later incriminate himself.

BABY APPARENTY DEAD REVIVED BY BREATH

Light Twitching Causes Physician to Use New Method With Success

New York, Oct. 21.—Physicians in the Post Graduate hospital were astounded when a newly born baby girl, weighing one pound and a quarter was brought to the institution very much alive, and able to cry with some vigor. The infant was placed in an incubator in the hospital.

The baby owes its life to Dr. Chas. H. Goldsmith, who, first believing the tiny girl had come into the world dead, later noticed a slight twitch of one of the eyelids. He then revived the infant by a new method of breathing into its mouth.

Mrs. Mary O'Connor, of 2595 Eighth avenue, is the mother of the child. She is suffering with whooping cough. The fact that the baby, born prematurely, weighs only twenty ounces, was pronounced unheard of in the history of medical practice by Dr. Gildsmith.

Dr. Goldsmith applied the usual tests for signs of life. He told members of the family the infant had been born dead. Soft materials were arranged on a table and the body placed on them. O'Connor started out to find an undertaker.

A few minutes afterward Dr. Goldsmith noticed a slight movement of an eyelid. At once he began working to revive the infant, although the necessary appliances were lacking.

The new treatment which Dr. Goldsmith used was similar to a method employed by Dr. Arthur Krida, of Bellevue Hospital, on Friday last. The infant's mouth was forced open. Dr. Goldsmith seized both of the arms. As he slowly raised them he blew from a distance into the baby's mouth In this way he forced a current of fresh air with only a small percentage of carbonic acid gas to baby's lungs.

When the arms had been raised they were slowly lowered until the elbows rested on the child's chest, and a gentle pressure there was given, forcing the air out of the lungs.

The raising and lowering of the arms, blowing into the mouth and pressure on the chest, were continued for half an hour, when the baby's skin assumed a more natural color. Heart action and respiration now were apparent. O'Connor returned to find his baby alive.

Even then Dr. Goldsmith held out no hope of the child living more than a few hours. An ambulance from the Post Graduate hospital was summoned and the infant taken there. Several hours later, when Dr. Goldsmith visited the hospital, he was surprised to find the baby thriving in an incubator.

"I did not believe it would live," he said. "To me the case is a most surprising one."

CONSTIPATION AND SLUGGISH LIVER GO.

Banish constipation, wake up your lazy liver, clean up your disordered stomach and drive the poisonous gas and decomposed matter from your bowels.

It's easy with the wonderful Hot Springs Liver Buttons, and best of all they act gently. They are without doubt the most perfect, blissful, satisfying constipation remedy you ever used.

They're fine for men, too—for everybody; and for men who are tired of the slam-bang purgatives that tear the lining of the bowels and act violently, we say give Hot Springs Liver Buttons a trial—you'll never use the rough and tumble kind again. For sale by Stonecipher & Smith and all first class drug stores. Hot Springs Chemical Co., Hot Springs, Ark.

EYE, EAR, NOSE, THROAT Glasses Fitted. We know How DR. J. W. DuVAL

GLENDALE QUARTETTE AT LYDIA MARGARET

In the Glenndale Quartette at the Lydia Margaret Theatre tonight the managers will present the highest priced vaudeville attraction ever brought to Wichita Falls.

These singers are said to be absolute masters of the Kingdom of Harmony. They sing songs of the kind you hear and remember. Concerted fragments of ragtime will be combined with ballads and classical songs in a manner that is most pleasing.

MIONA BANISHES INDIGESTION.

Sourness, Fullness, Belching and All Stomach Misery Disappear in Five Minutes

"Tried them all," you say, "and not one cured?" Well, you haven't tried MIONA Stomach Tablets or you would not be bothered with stomach trouble today.

Perhaps you bought a box and took one or two and then let the rest stand, forgotten, in the cupboard.

Make no mistake; if you will take MIONA Stomach Tablets regularly you can forever end all stomach misery and have a stomach as strong and vigorous and as able to digest the heartiest meal as the best stomach in America.

If you suffer from indigestion, dyspepsia, gastritis, catarrh of the stomach or any stomach misery Foosbee & Lynch is authorized to refund your money if you are dissatisfied with the results obtained from MIONA. Price 50 cents.

The November Woman's Home Companion.

Woodrow Wilson, Democratic candidate for the Presidency, contributes to the November Woman's Home Companion an interesting article which is really a message to women. In it he develops the idea that those with whom we entrust our government at Washington ought, as he expresses it, to "keep house" for the whole people. Our revenues, he says, should not be put at the disposal of a governing class or of any limited set of governing influences. As he goes along Mr. Wilson illustrates his points with specific suggestions.

Mr. S. Seymour Thomas made the picture of Governor Wilson for the cover. It is a study he made for his own use in painting a portrait of the Governor which is not yet finished. Only three people—the Governor, Mrs. Wilson and the Governor's sister—had ever seen this study before the Companion acquired it. Mr. Thomas said that Mrs. Wilson thought it the best portrait of the Governor which she had ever seen.

The November Companion contains many other entertaining special articles, among which are: "Women of the Campaign;" "The Girl in the Small Town, and "The Training of a Child."

In the household, fashions, cooking, home decorations and handicraft departments special attention is given to practical suggestions for Christmas—how various kinds of attractive gifts can be made, economically.

You'll Be Pleased

With the boys' clothes that we are showing now for fall and winter wear. Unusually well pleased this season because you'll find the styles more attractive, the qualities most dependable and the values the greatest we have ever offered and that is saying a whole lot. We want you to see them because we know you will find them so wholly satisfactory in style, quality and price that we will not only be assured of a sale but your lasting satisfaction and patronage as well.

Prices at $2.50
All along up to $7.50

PENNINGTON'S

FIVE CITY PRISONERS TAKE FRENCH LEAVE

Picked Brick From Beneath Window Sill of City Jail and Make Their Escape

"When I woke up this morning, they were gone," might appropriately have been sung by City Marshall R. V. Gwinn yesterday morning when he arrived at the city hall.

If the city is going to keep its prisoners hereafter, it will have to confine them more securely than it has been doing. Sometimes in the wee small hours of Sunday morning, five of those confined in the lockup on the third tier of cells, pains-takingly picked a number of bricks out of the window sill until they could loosen the iron bars, then pulled the bars out, made a rope out of several blankets, climbed down it to the ground and vanished in the dark and dreary night. When the chief woke up this morning, they were gone.

This is the second recent escape from the city jail, the other taking place a few week ago when two prisoners got away, being later re-captured. None of those who got away yesterday morning have been located.

If these escapes get to be a habit among the prisoners, it may be found necessary to use leg-irons on the men confined, which it is expected will hold them for a while.

YOU TAKE NO RISK.

Our Reputation and Money is Back of This Offer.

We pay for all the medicine used during the trial, if our remedy fails to completely relieve you of constipation. We take all the risk. You are not obligated to us in any way whatever, if you accept our offer. Could anything be more fair to you? Is there any reason why you should hesitate to put our claims to actual test?

The most scientific common-sense treatment is Rexall Orderlies, which are eaten like candy. They are very pronounced, gentle and pleasant in action, and particularly agreeable in every way. They do not cause diarrhoea, nausea, flatulence griping or any inconvenience whatever. Rexall Orderlies are particularly good for children, aged and delicate persons.

We urge you to try Rexall Orderlies at our risk. Two sizes, 10c and 25c. Remember, you can get Rexall Remedies in this community only at our store—The Rexall Store. Foosbee & Lynch Drug Store.

Tungsten Lamps

We are still selling Real Drawn Wire Tungsten lamps at prices within the reach of all.

WILSON AND MARSHALL DAY NOVEMBER 2ND

Message Will Be Delivered From Governor Wilson in Every Town in U. S. on That Date

New York, Oct. 21.—The most distinctive and inspiring feature of the Presidential campaign of 1912 will be the nation-wide celebration of Wilson and Marshall Day on the afternoon of Saturday, November 2nd, when loyal Democrats in every city, town and hamlet will assemble to listen to the reading of an original and special message from Gov. Woodrow Wilson. What this message will be no one knows, except that it is to carry to the country a final word from the Democratic leader, and will give the voters of the nation something to think about before they go to the polls three days later.

The idea of the Wilson and Marshall Day originated with William G. McAdoo, vice chairman and Josephus Daniels, chairman of the publicity committee of the National Democratic committee and in the first announcement sent out it was suggested that October 31 would be designated as the day for the National celebration. For various reasons it was subsequently decided to hold the celebration at a later date, and last night the following telegram was sent by Mr. McAdoo to every National committeeman and State chairman in the Union

"Referring to my previous telegram about Wilson Day, the Democratic National committee has decided to designate November 2nd instead of October 31st as Wilson and Marshall Day, and to request the Democratic organization in each State of the Union to hold as many meetings as possible in each State on the afternoon and evening of that day, at which an original and special message from our great leader, Gov. Wilson, will be read. All arrangements without your State are left entirely in hands of State committee. National committeemen are requested to co-operate with State chairmen. Whatever regular meetings you are arranging for afternoon and night of November 2nd should proceed just the same, and Governor Wilson's message can be read at such meetings, but the committee suggests that you have the Democrats assemble in as many other places within your State as possible, even if they come together informally for the purpose of receiving this special message from Governor Wilson. It will be an inspiring thing to assemble or mobilize as far as possible the hosts of Democracy on November 2nd to hear Governor Wilson's message and to concert measures for bringing out on election day the largest possible Democratic vote. The response we have received to this suggestion throughout the country has been most favorable. We believe that Wilson and Marshall Day can be made a great and inspiring feature of this campaign. Governor Wilson's message will be sent to you in ample time to have you forward it to every meeting which may be arranged for in your State. Please do all that you can to give this the widest publicity and to make Wilson and Marshall Day a great success. While the National committee can do little more than offer suggestions, you may be sure of our hearty co-operation.

"W. G. McADOO,
"Vice-Chairman."

From forty-eight state chairmen, to whom the original announcement of the Wilson and Marshall Day was sent, forty-two have notified Vice-Chairman McAdoo that they are in accord with the idea and that they will co-operate in every possible manner to make the day a memorable success. Many of the State chairmen have already set in motion the machinery of the State organizations by notifying county chairmen and precinct leaders everywhere to make preparations for the big day by rallying the voters in every town and at every cross-roads in their respective localities.

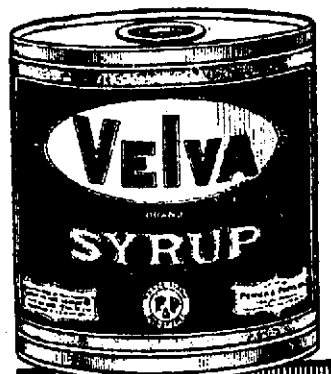
It was first planned to have the nation-wide rally in the evening only but from many Southern and Western States came requests that the celebration be held in the afternoon as well, in order to give the country people in sparsely populated sections a better opportunity for taking part in the big demonstration.

This suggestion was approved by the National committee and now preparations are in full swing all over the country. The idea is something new in Presidential campaigning, and is being enthusiastically supported in every section of the country. In some cities and larger towns plans are being made for big street parades and fireworks, to conclude with general mass meetings when the message from Governor Wilson will be read. In several of the Southern States the leaders have reported that they are preparing for a big picnic and general holiday in each county, and that large crowds and a jolly good time are expected. In thousands of country places the people will assemble in the evening around huge bonfires and hear the message read.

There is a psychological novelty in the consciousness that the same words are to be heard simultaneously by millions of people from ocean to ocean and throughout the country. Democratic leaders and Democratic newspapers are enthusiastically preparing to make the occasion one of the telling features of the campaign.

A FIRM BELIEVER IN HOME INDUSTRY

Sherman, Texas, Oct. 21.—L. M. Ward, secretary of the Chamber of Commerce of this city is a firm believer in home industry and civic development. In a recent interview Mr. Ward said: "The first object of a commercial organization is to build up the home industry sentiment and to work towards the civic development of a city. In no better way can a secretary of the club as a whole show better results and secure the co-operation of the entire community. We may have a factory that has been struggling along for years on an infirm basis. It manufactures a good grade of goods at a competitive price but lacking the capital to advertise, it is handicapped. It is the duty of the commercial club to assist this factory in securing the right kind of publicity and the necessary capital with which to expand. Before we make an effort to secure new factories we should make sure that conditions warrant the securing of these enterprises, for a closed plant shut down indefinitely is a black eye to any city is its attractiveness and sanitary conditions and every effort should be made to secure parks and downtown breathing spots where the weary populace can find recreation close at hand."



Give the Kiddies Lots of Sweets

That old notion of sweets disagreeing with children is all wrong. The best and biggest physicians say, "Eat sweets, your body needs them." They say that when your palate craves candy, *satisfy* the desire, because some hungry tissue requires it—but you ought to make the candy you give the kiddies yourself, and you ought to make it with

Velva

Divinity Fudge

Part 1.—3-4 cup Red Velva Syrup, 1 oz. chocolate, 1-2 cup water, 3 cups sugar, 1 teaspoonful almond extract.

Part 2.—1 cup sugar, 1-2 cup water, whites of 3 eggs, 1 cup chopped nut meats, 1 teaspoonful vanilla extract.

Boil part one until a little hardens in cold water. Boil part two (without egg whites, nuts and extract) until it forms a soft ball when tried in cold water; remove from stove, pour gradually into stiffly beaten whites of eggs, beating all the time. Then beat it into part one. Now beat the mixture for 20 minutes, add nuts and vanilla extract and pour into buttered tins or plates. Cool and cut in squares. The chocolate may be omitted.

in the red can, because it's the very best syrup for candy-making that your money can buy. It gives a real tang to candy that you *can't* get with *any* other syrup—and the very first can of Velva you use will prove that what we say about it is so. It's just *fine* for cakes, too, and other baking. Yes, buy Velva in the clean, sanitary can. Buy it often and give the kiddies sweets. You can get Velva in the green cans, too, at your grocer's if you prefer it.

Send for the book of Velva Recipes. No charge.

PENICK & FORD, Ltd. New Orleans, La.

You Can't Afford to Buy Anything But the Best of Clothing.....

That goes without argument, and you should not pay any more for it than at the lowest price for which it can be bought. That's business.

We don't cover so much ground; our stock is not so very large, but when we turn out a suit, overcoat, shoe, hat or any other furnishing article *it is absolutely correct*, and that's what we call satisfaction, and if you satisfy a man you have covered a whole lot of ground. You know we are putting out a world of fine tailored suits this fall. Our tailoring business has more than threbled last season's—every day some fellow walks in, picks him out a piece of woolen and instructs that we *duplicate his last season's measurements*, all because he was *satisfied with the fit.* Most every day some fellow comes in with a low or an awful square shoulder or a stooped back or some other deformity, saying, *he understands that we are mighty fine on fitting freaks*, and wants us to fit him up. We know exactly what we are doing when it comes to selling clothes. We can prove it to you if you will give us one chance.

"Packard Shoes"

You can pay more but you will have a job trying to buy anything better—in fact they can't make 'em better—the world can't beat a Packard shoe.

"Packard Shoes"

We have the new English last, with long drawn out toe and the flat heel.

They are not what we fellows down here call a pretty shoe, but you know they are wearing them in the east and of course that's sufficient.

The Price is $5.00, $4.50, $4.00 and $3.40

We want your business and will take the best care of you in every way on all kinds of furnishings

The New York Herald's post card polls, all of them, puts Wilson first Roosevelt, second, Taft, third. The Herald is an independent Republican paper, and its facilities for gathering news of this nature are unexcelled in fact, the Herald's forecasts of presidential elections rarely ever miss the mark. President Taft, however is out in a statement in this morning's papers in which he forecasts his own re-election—either that or Wilson and asserts that Roosevelt is not to be considered.

The St Louis Republic is authority for the statement that ex-Vice President Chas Fairbanks is to make a canvass of Missouri for Taft and adds that the Republican campaign manager seems determined to do something that would guarantee the biggest Democratic majority for Wilson the State has ever given.

The Democrats of Wichita Falls and Wichita county may be depended on to do their full share toward contributing to the Wilson campaign fund. They were asked to raise $300. At the present writing only $35 is needed to make it that much. If $15 of the $35 can be raised by tomorrow at noon one good Democrat has authorized the Times to say he will contribute the other $20. Will you be one of the fifteen to contribute $1? The time is short, and you must act quickly, if at all.

Some weeks ago the Times printed the suggestion of a practical and successful farmer that the best method of selecting seed cotton was to go into the fields and pick the cotton from the earliest maturing and largest bolls on the best stalks in the field and to have the cotton ginned separately from the rest saving the seed for planting. We don't know whether the suggestion has been followed or not, but we are certain that seed selection is as important in cotton growing as with any other crop. Now is the time to lay on a next spring's sowing.—Wichita Times.

That's as true in Denton as it is in Wichita County, Brother Howard. A news story the other day told of a Denton county farmer making better than 38 per cent lint and a careful selection of seed at no additional expense result in raising the percentage of lint and the net yield from every field in the county. The time has arrived in farming just as long ago it arrived in mercantile and manufacturing lines that the man who can produce the greatest output at the least expense is the man who shows the satisfactory profits at the end of the year. Reducing the useless expenditures to a minimum and speeding up the machinery in a factory coincides quite with better seed selection and more intensive and careful cultivation on the farm. Best of all many farmers have realized it and the successful farmer in this section today is the man who has implied these very principles.—Denton Record Chronicle.

PROPOSED CONSTITUTIONAL AMENDMENTS.

Four amendments to the constitution of the State of Texas are to be voted on at the regular election in November. The first proposition as it will appear upon the ballot is:

For amendment to Section 5, Article 11, of the constitution, authorizing cities of more than five thousand inhabitants to adopt their charters by a vote of the people.

Against, etc.

That strikes us as eminently right and proper. The full text of the amendment provides that the charter shall conform to the State constitution, and that only every two years shall there be a proposed change in the city charter. Why have to go to the Legislature every time we want a change in our city charter? Why can't we manage our own affairs? Bear in mind, the State constitution restricts the municipality as to a tax rate and bond issues, so we take no risks—this to quiet the timid souls—in taking charge of our own municipal affairs.

The second proposition as it will appear upon the ballot reads:

For a six years' term for prison commissioners.

Against, etc.

Under the constitution as it stands the prison commissioners can not be appointed for more than two years. In consequence there is the possibility and threat of a complete change in prison management and policies every two years. If the proposed amendment shall be adopted each of the three commissioners will be appointed for six years, but the schedule will be such that only one new commissioner will be appointed every two years. This amendment should also be adopted; it will help to lift the penitentiary system out of the mire of personal politics.

The third proposition as it will appear upon the ballot is:

For the amendment of Article 16 of the constitution of the State of Texas, regulating the term of office of the board of regents of the State University and other boards of trustees or managers heretofore or hereafter established by law.

Against, etc.

This is similar to the proposition concerning the prison commissioners. If it shall be adopted then the members of the board of managers of the university and other State colleges and asylums etc will be appointed for six years, with terms lapping and this, as in the other case, will put the schools measurably out of reach of a Governor who might wish to use them to host his political fortunes. The language of the amendment is such that, if it is adopted members of local school boards and of city commissions may be elected for six years with lapping terms. Referring to this proposition Dr S. P. Brooks says that the citizen can render a real public service by voting for it and we agree with him.

The fourth proposition as it will appear upon the ballot is:

For the amendment to Section 51 Article 3, of the constitution relating to increase of Confederate pensions.

Against, etc.

The classes entitled to Confederate pensions are enlarged by the proposed amendment. Under the existing provision the men entitled to pensions are: Indigent or disabled Confederate soldiers or sailors who came to Texas prior to January 1, 1880 and who are either over 60 years of age or whose disability is the proximate cause of actual service in the Confederate army for a period of at least three months.

The proposed amendment would render eligible for pensions disabled Confederate soldiers and sailors who came to Texas prior to January 1, 1900. The provision as to time of service is dropped.

The proposed amendment would render these additional classes eligible for pensions: Indigent and disabled soldiers who under special laws of the State of Texas during the war between the States served for a period of at least six months in organizations for the protection of the frontier against Indian raids or Mexican marauders," and "indigent and disabled soldiers of the militia of the State of Texas who were in active service for a period of at least six months during the war between the States."

As to women, the existing provision of the constitution entitles the widows of Confederate soldiers and sailors who served at least three months to pensions, provided they came to Texas prior to March 1, 1880, and were by that time married to such soldier or sailor.

The proposed amendment renders eligible for pensions the widows of all soldiers, sailors or militiamen of the classes by it and hereinbefore named, provided they shall have resided in Texas since January 1, 1900, and have been married by that time to such soldier, sailor or militiaman, and provided further, that no widow born since 1861 shall be granted a pension.

The Confederate Camps over the State are passing resolutions asking the people to ratify this amendment at the ballot box. The hope is here expressed that the amendment will be adopted.

The voter will render patriotic service as we see it, by registering all four of the amendments.—Waco Times Herald.

R. M. Moore having moved to California is offering his real estate located on Indiana avenue for sale. Anyone interested can see me in my office Kemp and Kell building, room 203. Mark H. Moore. 122-tfc.

Pumpkin Ridge Oil and Gas Field

Clay County, Texas

We are opening up the largest Oil Field in Northwest Texas. It is situated on Pumpkin Ridge in Clay County near the Petrolia Oil and Gas Fields which have wells producing 50,000,000 cubic feet of gas per day, having an economic value (coal being estimated at $4 per ton) of over $10,000 per day.

We propose to drill 16 wells for oil and gas under conditions named in our prospectus. We guarantee to put our first well down to a depth of 1850 feet unless oil is found at a less depth, and to test each oil sand as we go down.

All of the earmarks showing this to be the largest Oil field in America at present. Gas is coming up through the ground that will burn on applying a lighted match. An analysis of the gas made by Prof. Phillips of the University of Texas shows it to be Natural Gas. Asphalt and oil are also found near by.

We will sell you (it is a shame to sell) we will GIVE you a block of land in the vicinity of one of four wells containing 70 lots, each lot being 620 sq. ft., for 36 cents per lot. We said cents; think of it. The 70 lots will cost you $25.20. You get all the oil, gas and mineral rights now held by us as grantee.

Your check is good. Send same by first mail for $10 and say how many blocks you want us to keep for you. We will mail out full information on receipt of check and if you do not find everything exactly as represented by us we will return your money immediately. You can have 10 days to make an investigation. If you are pleased with our investment you may send us the baalnce of one-half of the purchase price, the remainder to be paid in 30 days. Should you buy 5 or more blocks we will give you 30, 60 and 90 days on deferred payments. You can sell 10 lots, get your money back and keep the balance. The number of Blocks for sale is limited; send your check today. You take no RISK WHATEVER IN DOING SO. The earlier you send the closer you get to the first well. If you doubt our honesty, write to our bank references.

We can use a few good agents.

HER FRIEND'S GOOD ADVICE

The Results Made This Newburg Lady Glad She Followed Suggestion.

Newburg, Ala.—"For more than a year," writes Myrtle Cothrum, of this place, "I suffered with terrible pains in my back and head. I had a sallow complexion, and my face was covered with pimples. Our family doctor only gave me temporary relief.

A friend of mine advised me to try Cardui so I began taking it, at once, and with the best results, for I was cured after taking two bottles. My mother and my aunt have also used Cardui and were greatly benefited.

I shall always praise Cardui to sick and suffering women."

Cardui is a purely vegetable, perfectly harmless tonic remedy for women, and will benefit young and old.

Its ingredients are mild herbs, having a gentle tonic effect, on the womanly constitution.

Cardui has helped a million women back to health and strength.

Have you tried it? If not, please do. It may be just what you need.

N. B.—Write to: Ladies Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions and 64 page book, "Home Treatment for Women," sent in plain wrapper, on request.

(Continued from Page 1)

this in your misfortune. This privilege, however, has been denied me. Nevertheless I would like to convey to you the sentiment of the noblest people in South America and to inform you, colonel, that a time has come for your meditation of the blackest spot in the history of your life.

"Remember Mr. Roosevelt, that, although you are and have been a great world citizen, your entry into civilization from Africa and the homages you received from the world, were marred by the refusal by the vicar of Christ at Rome to see you. This material demonstration of a divine will, to humble your pride, will serve to call to your mind the fact that although you might have been proclaimed in a hypocritical way the greatest man since the time of Napoleon, your star has been descending and will continue to descend until you clear your conscience of the most atrocious and wicked act you ever committed in your life.

"We Colombians hope to see you elected for a third term President of the United States. You injured us supremely, but we trust in God and He will certainly touch your heart and keep you by moral force to return to us what belongs to us to say. The sovereignty of Colombia over Panama, our rebel state."

God help you Mr. Roosevelt to recover fully. I have come expressly from New Orleans to speak to you personally, but this opportunity has been denied me. I will see you however at New York."

The steamship lines burn five million tons of coal annually at New York.

Attention, Farmers.....

We have just received a car load of Superior Grain Drills. You know they are the best. Our prices are the lowest.

We also offer the celebrated Moon Bros. Buggies, in any desired style, from steel tired, open run-a-bouts to two-seated rubber tired carriage at very reasonable prices.

Our grocery department is stocked with the best in the market, and the fact that our buying and operating expenses are reduced to the minimum enables us to offer the very best in this line at prices away below the prevailing quotations.

Four Million Invested in Ice Plants

Washington, D. C., Oct. 21.—A report recently issued by the Federal Department of Commerce and Labor shows that the 182 establishments in Texas engaged in the manufacture of ice and the capital invested in this industry is approximately $3,844,000. 1,874 persons depend on this industry for a livelihood while ten years ago there were only 1,113 persons employed in ice factories in Texas. The payroll of these factories is now $1,193,000 per annum compared with only $430,000 ten years ago which is an increase of $763,000 or 177 per cent in a decade. The value of the products manufactured annually have a total value of $1,614,000 while ten years ago they were valued at $350,000 an increase of $1,264,000 or 362 per cent. Of the 182 establishments in the state 37 or 20 per cent are owned by individuals, 17 or 10 per cent are controlled by firms with 128 or 70 per cent are operated by corporations. 148,385 tons of coal, 1,012 cords of wood, 310,002 barrels of oil and gasoline and 78,[illegible] cubic feet of gas are consumed annually in ice manufacturing in the Lone Star State.

LEGAL NOTICES.

Citation by Publication

The State of Texas. To the Sheriff or any Constable of Wichita County—Greeting: You are hereby commanded that you summon, by making publication of this Citation in some newspaper published in the County of Wichita if there be a newspaper published therein, but if not, then in any newspaper published in the 30th judicial district; but if there be no newspaper published in said judicial district, then in a newspaper published in the nearest district to said 30th judicial district, for four weeks previous to the return day hereof, W. E. Keeran, whose residence is unknown, to be and appear before the Hon Justice Court, of Wichita County, Texas, Precinct No. 1, at the October, 1912, term thereof, to be holden in the County of Wichita at the Court House thereof, in Wichita Falls, on the 28th day of October, A. D. 1912, then and there to answer a suit filed in said court, on the 28th day of September, A D 1912, numbered on the docket of said Court No. 4473, wherein Sherrod & Co, are plaintiffs and W. E. Keeran is defendant. The nature of plaintiffs demand being as follows, to-wit: Suit on account for goods, wares, money and merchandise furnished defendant, W E. Keeran, by the plaintiffs, as shown by the verified account filed in this suit and in amount one hundred and 90-100 dollars. ($100.90), said account being past due and for which plaintiffs pray judgment, with interest and costs of suit.

Plaintiffs also pray for the writ of garnishment to issue in said amount against the Fort Worth and Denver City Railway Company, a corporation doing business in Wichita County, Texas

Herein fail not, and have you before said Court, on the said first day of the October term thereof, this Writ, with your endorsement thereon, showing how you have executed the same

Given under my hand and seal of said Court, at office in Wichita Falls, this, the 28th day of September A. D 1912.

W E. BROTHERS,
Justice of the Peace, Precinct No. 1, Wichita County, Texas.

HONOR TO BRITISH GENERAL

People of Brockville, Ont., Laud the Memory of Commander Who Won Detroit in War of 1812.

Brockville, Ont.—A monument in honor of the memory of Gen. Sir Isaac Brock, who was in command of the Canadian forces against the Americans in the war of 1812, was unveiled in this city with interesting but modest ceremonies. The local chapter of the Daughters of the Empire, to whose efforts the erection of the monument is due, was in charge of the ceremonies. The principal address was delivered by Col. Samuel Hughes, the Canadian minister of militia and defense.

The date for the unveiling of the memorial was appropriately chosen, since it was just 100 years since the surrender of Detroit, with which event the name of General Brock is most closely associated in American history.

General Brock was born in the island of Guernsey in 1769 and had a brilliant military career in the British service before he was sent to Canada. He was made a knight of the Bath for his victory at Detroit, but he survived his honors less than two months.

BLACK EAGLE ATTACKS BOY

Fourteen-Year-Old Youth on Tullman Ranch in Nevada Kills It After a Hard Battle.

Reno, Nev.—Although it is against the laws of the state to kill an American eagle, little Jimmy Daniels, but fourteen years of age, living on the Tullman ranch, near this city, violated this law to save his own life.

The youth was hunting rabbits, and seeing a cottontail skid into a gully he fired a shot at it. Immediately there flew from the spot several hawks, magpies, vultures and an eagle The big bird immediately attacked the boy, who fired the last two shots he had at the eagle, both finding their mark.

Although wounded, the eagle continued to attack Daniels and a fierce battle ensued The youth finally succeeded in using the stock of his gun to good effect, one blow striking the head of the vicious bird and killing it.

The boy dragged the bird to his home, and upon messuring it, the length from tip to tip of its wings was six feet and ten inches It was a good specimen of black eagle, of which there are not many in Nevada.

AUSTRALIAN FIGHTERS CALL OFF NEGOTIATIONS

Even Prize Fighters Cannot Stand For Conduct of Negro Pugilist Jack Johnson

By Associated Press

Sydney, Australia, Oct. 21—Hugh McIntosh who has been conducting the negotiations for a match between Jack Johnson and Australian pugilists in which the purses were to have aggregated $150,000, has been authorized by the Australian promoters to cancel all arrangements the recent arrest of Johnson on a charge of abducting a white girl making it inadvisable to attempt to [illegible] e fight in Australia.

New Rails for Texas Roads

Baltimore, Md., Oct. 20.—The Maryland Steel Company has booked order for 25,000 tons of steel rails, including 12,000 tons of Maybl Bessemer rails for the Southern Engineering Company for 1913 delivery; 9,000 tons from the San Antonio and Uvalde Railway and 4,000 tons from the San Antonio and Aransas Pass Railway

During the last ten days many of the large railroad systems have placed contracts for rails and others are pending. The other companies that have given the Pennsylvania, the New York Central the Atlantic Coast Line and the Louisville and Nashville railroads.

The rails for the Texas roads will be earned out at the earliest possible moment. They will be shipped by steamer to Galveston and distributed from that point

DEMONSTRATION OF THE USES OF ELECTRICITY

A demonstration of the many uses to which electricity may be put, in the home and office, will be made in the near future by the water and light company, the exact dates to be announced later.

Recent appliances have made it possible to use electricity for nearly everything around the home except perhaps such duties as buttoning a dress up the back or spanking the baby and similar matters that require a delicate practiced hand Cooking washing, sewing and other household duties are all lightened by new appliances with electrical connections and these will be demonstrated by the company, for the public's benefit

CROUP

Is indicated by that hoarse choking cough that sends a thrill of fear and dread through the very heart of the mother who hears it many times at the hour of midnight as unexpectedly as a thunderbolt from a clear sky. To combat this disease in children when unprepared is a dangerous experiment and no home where there are children should be without the greatest remedy yet discovered for the treatment of croup.

HIKES CROUP OINTMENT when spread on the chest and throat quickly relieves all forms of croup. When this remedy is used breathing becomes normal and the child is soon asleep. It is absolutely harmless when applied to the skin and may be used on an infant.

NEWS FROM OIL FIELDS

Russell Brothers have staked out a location for their first well on the A S Fonville farm about two miles from the Eeds well

German Oil Combination

Berlin, Oct 18—Additional details regarding the German Government's plan to organize an oil company to handle the German oil trade and prevent the Standard Oil Company from obtaining a monopoly of German trade became known today.

The new company is to be known as the German National. Its capital stock already announced at somewhere between $15,000,000 and $20,000,000, is to be used chiefly for the purchase of the German Petroleum Company, a firm controlled by the Deutsche Bank and operating in Russian and Rumainian oil, the Olex Company, the selling agency for Austrian oil (and the German-American Petroleum Company controlled by the Standard Oil Company.

All three are wholesale firms. The German Petroleum Company and the Olex Company are expected to offer little resistance to the plan because they are reported to be unable to cope with the Standard Oil Company.

Not only is the stock of the company to be kept from foreign investors, but as far as possible it is to be kept also from the hands of the two leading banks. To bring this about the stock will be distributed widely among other banks.

The plan is not meeting with unmixed approval. Sceptical persons express doubt whether sufficient supply of oil can be obtained without buying from the Standard Oil Company. The American company now furnishes Germany with some 80 per cent of her supply. Those behind the official plan express confidence not only that enough oil will be available but also that new tank steamers will be built for the traffic when it becomes fairly evident that the plan will be successful. Further objections are based on the fear that the Government controlled monopoly contains financial dangers which can only be obviated by the most rigid provisions against price manipulation.

Black Patti Company.

Ask any person versed in musical matters what race of people are the most musical and have the best voices as a whole, and he or she will reply without hesitation, the negro race. It is seldom that you will find any member of this race that cannot play some musical instrument or that is not the possessor of a pleasant singing voice and in most cases, no matter how illiterate he may be in other matters, it seems to be natural for him to be proficient in this respect. The Black Patti Musical Comedy Company which is composed entirely of this race of people is now in its seventeenth consecutive season, and it is said by the press and public everywhere to be one of the best musical companies on the road. The Black Patti Company is the attraction at the Wichita Theatre Wednesday night.

Silos Becoming Popular.

San Angelo, Texas, Oct 21.—Data compiled by the secretary of the Chamber of Commerce of this city shows that 12 silos have been constructed in Tom Green county so far this year, six are now under course of construction and fifty more will be built in this vicinity next year.

WOMAN WORKS IN OVERALLS

Owner of Grocery of Butte, Mont., Shows Independence of Union Labor.

Butte, Mont.—Declaring that not a dollar of hers ever should go to union labor, Miss Elizabeth O'Boyle, proprietress of a grocery store here, donned overalls and completed the carpentry work on her store, made necessary by damage by fire. A crowd of union men looked on and jeered from a safe distance.

Miss O'Boyle's store had been picketed by unionists because she kept open after 6 o'clock, but she secured an injunction some weeks ago restraining the union from interfering further with her business.

Her store was damaged by fire and the insurance adjusters gave the repair work to union carpenters. When they appeared for work Miss O'Boyle drove them off with a gun and did the work herself.
